

Chest 1-2

A reintroduction of two multifunctional storage boxes

Chest 1-2

We Do Wood launches a series of bamboo storage boxes with removable lids in coloured compact laminate called Chest 1-2. The boxes can be used individually or stacked and used as both a storage solution and a small side table or bedside table. Originally, the Chest series were introduced in 2013 and after a small makeover the two largest boxes are now reintroduced in new colours.

Chest 1-2 are designed in the ultra slim 10mm bamboo. The material is very hard, similar to hardwoods such as walnut or oak. The amber colour in the bamboo is a result of the carbonization process, which involves pressure heating of the sugar in the bamboo. With this alternative process, painting, staining and other chemical processes can be completely bypassed, which results in a more sustainable product and a better indoor climate due to zero emission of formaldehydes and other harmful gasses.

Additionally, Chest 1-2 is a part of the “WE DO WOOD – MADE IN DENMARK” collection, which now includes Nomad Chair, Fivesquare and Chest 1-2.

Product specifications Chest 1-2

Materials	Solid bamboo and compact laminate
Dimensions	Chest 1: H24,2 x W57,3 x D40,0 cm, Chest 2: H20,7 x W48,2 x D37,0 cm
Retail price incl. VAT	EUR 450 (set of 2 boxes, green and black lids)
